CREDIT CARDS & DYNAMICS 365

Presented by Brian Begley - bbegley@encloud9.com

But first a little bit about us.........

About enCloud9

- Dynamics 365 Cloud Customer Relationship Management – Silver 2014 - present
- 15 years experience working with small to mid-sized businesses to modernize sales, marketing, and customer service
- Work with companies throughout the US and Canada
- Primary focus is on Cloud-based Dynamics 365 Customer Engagement Platform
- Premier provider of low-cost fixed fee support services for Dynamics 365, Power Apps, and Power Automate

IPAYMENTS FROM ISOLUTIONS

- iSolutions is a strategic partner of enCloud9 for developing payment solutions for Dynamics 365 Sales
- They already have built solutions for Business Central and Dynamics GP
- Recognized experts in App Development for Dynamics
- We worked with them this year to bring this solution to market. enCloud9 is an exclusive Partner with iSolutions

STREAMLINE YOUR PROCESSES

- It's hard to beat an all-in-one solution.
- Integrating your card processing system with Dynamics 365 Sales means you'll no longer have to worry about double data entry or human error.
- With Dynamics 365 Sales Integration, you can:
  - Accept payment on a Sales Order or Sales Invoice
  - Schedule recurring billings
  - Integrate with Prebuilt maps to Dynamics ERP
  - Email receipts to customers

CUTTING EDGE SECURITY

- Keeping your business's and your customers' information safe and secure is of the utmost importance.
- Our Dynamics 365 Sales Integration helps you minimize any risk or liability with its leading-edge security solutions:
    - Data encryption and tokenization for maximum security
    - PCI compliance to prevent cyber fraud
    - Off-site cloud-based storage for customer card information
    - Ability to set individual user permissions
